

Muhammad Usman

MERN stack developer

✉ usmanpk16t@gmail.com ☎ 923126065261 🌐 www.linkedin.com/in/muhammad-usman-b32723228

Versatile MERN Stack Developer with experience designing and developing full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Skilled in building scalable and maintainable solutions, integrating RESTful APIs, and optimizing performance for modern web applications.

Experienced in creating dynamic frontends and robust backends, ensuring seamless user experiences. Proficient in version control systems like Git and familiar with deployment processes. Passionate about solving problems with clean, efficient code.

Skills

- HTML & CSS
- JavaScript Es6+
- React JS & Next JS
- Redux & Node JS
- Mongo DB & Mongoose
- Tailwind CSS
- Git
- Postman & NPM & Vercel

Professional Experience

Junior Front End Developer October 2024-Present

Bezonet

- Collaborated with a team to develop and enhance responsive web applications using Next.js, ensuring optimal performance and user experience.
- Implemented dynamic, reusable components and state management to streamline development and improve code maintainability.
- Optimized front-end code for SEO and performance, leveraging Next.js features such as server-side rendering (SSR) and static site generation (SSG).

Mern Stack Developer March 2024-Present

Upwork

- Worked part-time as a MERN Stack Developer on Upwork, delivering customized web solutions for various clients while managing all aspects of project development.
- Gained practical experience in using the MERN stack to build full-stack applications, enhancing my problem-solving abilities and technical skills.
- Successfully generated a modest revenue by completing projects such as appointment booking systems and social media platforms.

Front End Developer Intern December 2023 - March 2024

Loxvo Technologies

- Gained hands-on experience in building and optimizing web applications' frontends using React.js and Tailwind CSS.
- Collaborated with the development team to design responsive, user-friendly interfaces aligned with project requirements.
- Enhanced skills in debugging and troubleshooting code to ensure high-quality and functional deliverables.

Education

Government College UNIVERSITY OF Faisalabad

2024
